WHAT A SIGHT

The Florida You Don't See in Tourist Brochures

Hangover Helpers (from the Pros) | A Perfect Caribbean Getaway
Mark Gill on How to Dress | Ben Franklin Turns 300
Inside the Pentagon | Robuchon: In Vegas

FLORIDA: *Au naturel*

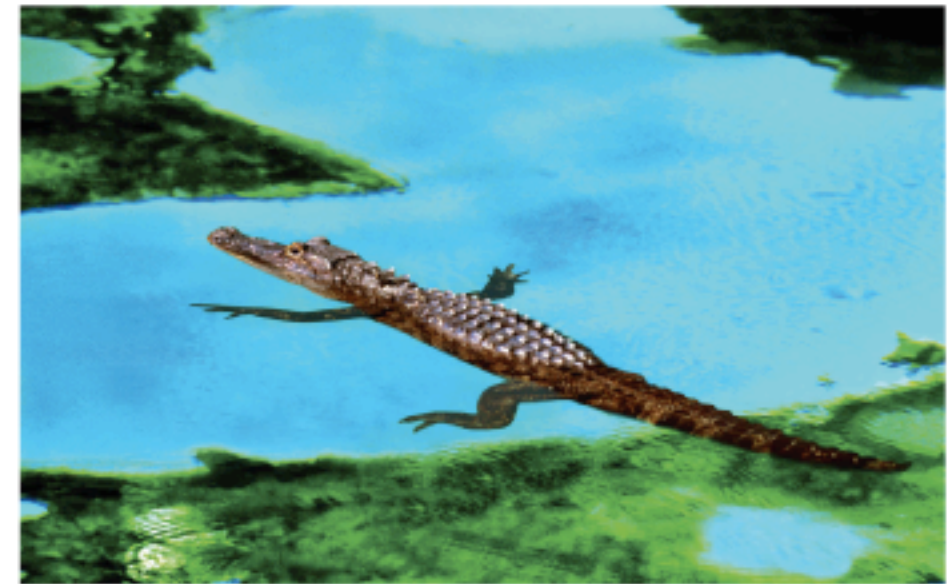

Those who see the Sunshine State as a fun-in-the-sun, hyperactive playground are sure to view the locale differently when seen through the lens of award-winning photographer Alan S. Maltz. The photos on the following pages are from Maltz's latest book, *Florida...Beyond the Blue Horizon* (Light Flight Publications), arriving in bookstores this month. Maltz maintains a studio and two galleries in Key West. For more information, visit alanmaltz.com.
