To Whom This May Concern;

**REFERENCE: ALAN S. MALTZ**

I am writing to recommend Alan S. Maltz to the Florida Artist Hall of Fame. Alan's work is beyond compare and most inspiring. His work is truly masterful, artistic and stands on it's own as far as professional and one of a kind.

I have used Alan's work in our resorts and public spaces for our projects. I will continue to use Alan's work and would recommend him and his work. He is very easy and professional to work with and very generous with his time and work.

I could not be more pleased in working with anyone as much as I enjoyed working with Alan and having his work in our projects. I would say he certainly deserves to be nominated into the Florida Hall of Fame, for his work is certainly a contribution and his photos are the best that I have seen. He is a true artist and professional photographer.

Thank you for this opportunity and wishing him the best of luck.

Kind regards,

Fawni Spottswood  
Vice President
